For 65 years, the State College of Florida has been making a difference in our community. Our programs allow students to pursue the level of education suitable to their current career requirements and their future goals. SCF is a dynamic College dedicated to meeting the educational and workforce training needs of citizens and businesses in the region. SCF has expanded its mission to include seven baccalaureate degrees while continuing to focus on highly respected associate degrees that prepare graduates for university transfer and professional careers.

### Secretary

Guests will enjoy a performance by the SCF Presidential String Quartet, engage with SCF students, network with local professionals, and participate in an exciting paddle raise.
